## Delivery

You are welcome to come to view/collect at our showroom or we can deliver it for you FREE in west Wales, or, using our reliable and regular courier to anywhere else in the mainland UK for a fee.

The item will be wrapped and put on a pallet and then forklifts will be used to transport on a "Kerbside" Delivery basis – this means that you will require friends to assist you to move the item into your property from the 'kerbside'.

We aim to despatch on a Mon/Tuesday for a Thurs/Friday delivery, this avoids items stored in depots over the weekend. On despatch you will be sent an email that advises how to check, unwrap and accept delivery, if you follow these instructions, there should be no problems. If however, a problem should arise, please contact us within 24 hours of your receipt.

Returns are accepted provided you advise us with 24 hours of receipt of your goods. Goods must be returned by original transport mode and wrapped at same standard. Purchaser is liable for all costs of returning goods, unless item is faulty.

## **Cost of Delivery on a Pallet**
